

Part Six - Business Success Principles for Health Professionals - How to Make This Year Your Best Ever (2 hours)

In this 2 hour session Paul will share with you:

- Why you need to get your head right about making money in your health business
- Who the stakeholders are in your business and why you have a moral obligation to succeed
- The power of words and the critical conversations that can ruin your business
- A business philosophy that can change forever the way you operate your business
- Why your current business model may be sending you to the wall
- The 3 health business breakthroughs – are you using them?
- The importance of technology and its role in your business success
- How to make extra income with no extra effort
- And much more

Paul Wright B.App.Sc (Physio), Dip.Ed.(P.E.) Adv. Dip. (Business Management)

Since graduating as a Physiotherapist in 1990 Paul has opened 10 clinics, closed 4, been locked out of one and licensed 3 others – in the process he has lectured to more than ten thousand health professionals in many countries, has won awards as a presenter and author, and developed multiple DVD education programs sold around the world. Paul currently owns multiple Get Active Physiotherapy clinics, spends more time at home than his wife prefers, never misses a school concert or function and no longer lives in the same city as 2 of his clinics.
